Crystal Cruises was created in 1988 with a vision to set a completely new standard in luxury travel and world exploration. Exceptionally designed ships would incorporate the best design concepts of legendary ocean liners and world-class hotels, styled with all the latest advancements of modernity. Destination-rich itineraries would span the globe, offering savvy travelers unprecedented opportunity for intimate and authentic shoreside discovery.

We are committed to providing excellent service to our customers, the guests and travel professionals who book and support our product. In meeting their needs, every service we provide to our customers must be of the highest quality and integrity - whether it is shipboard or shoreside.

We must constantly seek improvement and innovation of our services as well as strive for reduction of our costs in order to maintain reasonable fares, thereby enhancing the value of our service to customers. All bookings must be serviced promptly and accurately with the highest respect and courtesy. Our suppliers and distributors must have an opportunity to make a fair profit.
