**Island Brew Coffeehouse** is founded on the idea of providing the highest quality coffee experience. The design includes indoor and outdoor seating: whether catching up with friends or on work there is a place for you. Nearly all interior seats have electrical outlets and all have free WIFI.

Our 100% Hawaiian Espresso drinks including Lattes are made with Local Milk!!! We also offer Organic Tea, Smoothies, Acai, Waffles and Sandwiches. Enjoy the beautiful view of the marina with its breath taking sunrises and sunsets. Come to Island Brew after a Koko Head Hike or before a swim at the Hanauma Bay.
